Dear Phyllis,

As a Pacific Region Trustee, I want to thank you for taking the position to “Carrying the Message” of sobriety to the Native Indians in the U.S.A. and Canada.

As we understand the procedures, the Native American Committee was to gather information from the local service structures and provide a final report to the NY General Service Office in July 2004.

This letter is just a reminder that we are anxious to review the final report. Please mail a copy to my above address or e mail to LNahlee@msn.com

In the fellowship,

Larry N., President, NAIGSO
